Dear Ms. Tate:

This is a written request under the provision of the Freedom of Information Act. PMT & Associates, Inc. (PMT) is requesting to review any documents with your agency's files regarding the above referenced facility.

PMT is an environmental consulting firm that routinely performs Phase I Environmental Site Assessments and Audits. PMT would like to review any files that could have an environmental impact on the site referenced. Specifically this could include underground or aboveground storage tanks; generation, storage, treatment, disposal, and/or dumping of hazardous materials/wastes; fires at the site; failure to comply with local, state, or federal environmental regulations; and any environmental permits (if needed) such as NPDES, RCA, SPCC Plans, Oil Control/Storage permits, storm water management permits.

All parties involved would like a response to this request as expeditiously as possible and your agency's assistance would be appreciated. Please contact PMT either by e-mail, fax (410-467-0340), or phone if any files or references pertaining to the requested site are found. If nothing is found, I would appreciate a short response (by e-mail if possible: pmt@pmtassc.com) to that effect. Should you have any questions, please call me at (410) 467-3542.

Sincerely,
PMT & Associates, Inc., by,
